NOTES: Set-aside units are defined as committed affordable units secured through the development process, typically for 40 years, in market-rate projects. Privately-owned assisted units have received some form of local, state, and/or federal support; these units may be located in mixed-income communities (e.g. Foxchase and the Heritage at Old Town). Some projects exclusively serve seniors (e.g. Beasley Square and the Claridge House). Resolution 2876 units are units that fulfill a joint commitment by the Alexandria Redevelopment and Housing Authority and the City to preserve 1,150 affordable units; these units include the city's public housing units. Supportive housing units are not reflected. Units approved through Coordinated Development Districts without associated individual development site approvals are also not represented. Symbols represent one generalized location per community; many communities comprise multiple buildings, some on non-adjointing parcels.
